

# MEDEX

The Total Solution to Rising Workers' Compensation Costs

MEDEX offers the most highly managed and cost effective UR services currently available in the industry. We provide state-of-the-art systems, efficient processing, and consistent results. Our streamlined UR program delivers timely determinations with your priorities in mind and delivers net savings on your workers' compensation claims.

## Program Benefits

- Integration with your MPN to ensure that only legitimate requests for treatment are reviewed for consistent and timely determinations based on client input
- Integration with claims and bill review processes for streamlined, consistent, cost-saving administration

## Utilization Review

- We apply medical resources only when necessary, NOT on every request
- Flat rate pricing at every level
- Robust client reporting
- Electronic Data Interface
- Excellent Customer Service
